

CHAPTER 5 QUIZ REVIEW

FORMAT

The quiz will be in three parts:

1. Part A: Multiple Choice (10 Marks)
2. Part B: Fill-in-the-blanks (9 Marks) → there will be a word bank, but there will be extra terms! Also, some terms may be used more than once!
3. Part C: Paragraphs (10 Marks, 5 Marks per paragraph).

Total marks for this quiz: 29.

WHAT YOU NEED TO KNOW

- Know the definitions on the “Chapter 5 Definitions” sheet
- Natural vegetation regions
- Types of trees in these regions
- Characteristics of trees (conifers, deciduous, Douglas fir)
- Components of soil and soil development
- Vegetation in mountains
- What it takes to be a Landscaper (look at the Geo Career section on page 44 of your textbook)

Be sure to look through your textbook, worksheets, **AND** the “Vegetation, Soils, and Animals” reading! Make sure your worksheets are complete and correct!
